About Us

Türkiye’de kilit sektörünün önde gelen markalarından DORAS faaliyetlerine 1982 yılında başlamış olup uzman kadrosuyla günümüze kadar gelmeyi başarmıştır. Hammadde girişinden başlayarak, üretimin tüm aşamalarını titizlik ile kontrol ederek son kullanıcıya ulaştırmayı ilke edinmiştir.

DORAS standartların dışında, her ölçüde Silindir, Silindirli Kilit, Tirajlı Kilit, Asma Kilit, Yedek Tirajlı Barel, Kayar Milli Asma Kilit üretimi yapmaktadır.

Kaliteden çok sürdürülebilir kaliteyi hedefleyen DORAS ürünlerine güveniyor ve üretim hatalarına karşı 5 Yıl garantiyi kullanıcılarına sağlıyor. Geniş İhracat portföyüyle Romanya, Mısır, Tunus, Irak, İran, Libya, Suudi Arabistan, Fas, Cezayir, Bulgaristan, Makedonya, Ürdün, Filistin ve Ukrayna gibi geniş bir yelpazede kalitesini sergilemektedir.

Among leading brands in the Turkish lock industry, DORAS was founded in 1982 and since then has been active in the sector as with its expert staff. It is committed to provide the end user the state-of-the-art product through rigorous monitoring, beginning with the raw material input and later throughout all stages of manufacturing. With its large export portfolio, DORAS spreads its high quality products in a wide geographical range, including Romania, Egypt, Tunisia, Iraq, Iran, Libya, Saudi Arabia, Morocco, Algeria, Bulgaria, Macedonia, Jordan, Palestine and Ukraine.

DORAS manufactures standardized products as well as custom-made products including cylinders, rim locks, padlocks, mortise locks, cylinder sets for rim locks, rectangular padlocks in all sizes.

Aiming for the sustainability principle for its quality management, DORAS accredits its products and provides the end users a 5-year warrantee.

Yetkilendirilmiş Anahtar Sistemi / Master Key System

Standart tip anahtar ve kilit kodlarından ayrı olarak dizayn edilen bu sistemde bir veya daha fazla anahtar üzerinden yetkilendirme yapılabilir. Hem mevcut güvenlik sağlanırken kolaylık göz önündedir. Amaç en az anahtar ve kilit ile maksimum güvenliğin sağlanmasıdır.

A master system takes standard pinning one step further and uses master wafers or spacers in each chamber. These wafers create an additional shear line that allows the master key to turn in all of the locks. This way, you can have different pinning combinations for different levels, but the extra shear lines can allow a number of different keys to work the lock

Opens Locks In Groups A and B Only / Sadece B ve A Kilit Gruplarını Açar

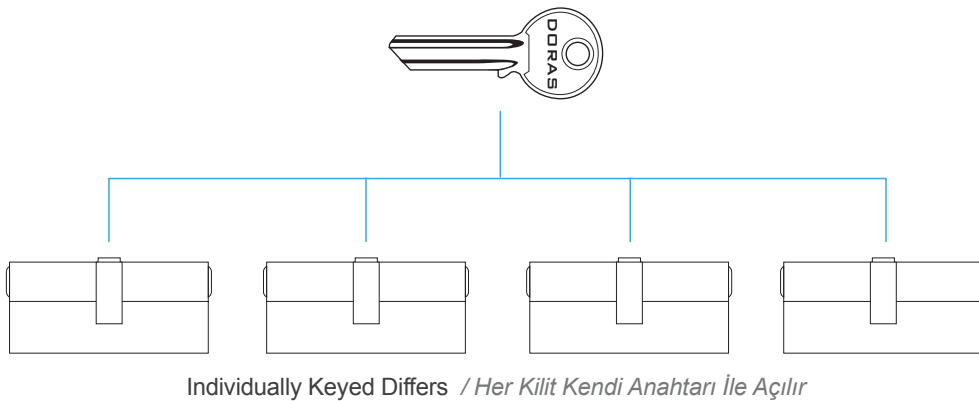

Kombine Anahtar Sistemi / Key Alike System

Bir veya birden fazla kilidi bir veya aynı şekilde kodlanmış birden fazla anahtar ile açabileceğimiz sistemdir.

This system is suitable to open all of locks with a single key.

All Doors Open With a Single Key / Tüm Kilitler Tek Anahtar İle Açılır
